Drama and Technical Theater Day in the Little Flower Theater

Drama will be showcased in the morning, and Technical Theater will invite you into the day of a Tech Major in the afternoon.

Period 2 (sophomores): vocal and physical warm-ups (Tatum)

Period 3 (sophomores): improvisation (Shifman)

Periods 4 and 5 (Open Improvisation class): Volunteer to play theater games and learn beginning improvisation. This is an interactive class. Please come prepared to get dirty. Sneakers and casual clothes are recommended (no skirts, high heels, or sandals). (Faison)

“A Day in the Life of a LaGuardia Tech. Major: ‘Making Magic Happen’” (7th-10th periods)

All classes are welcome to this interactive demonstration of skills needed to produce the plays, operas, dance concerts, and music events at LaGuardia. Come see how costumes, sets, and props are built; how lighting and sound bring stage events to life; how special effects are designed and implemented, and how weaponry is used in stage combat. Who knows—maybe you will be selected to join the battle!

All performances will take place in the Little Flower Theater.

25th Anniversary Festival—Spring

May 25-28

| | |
|-------------------|-------------------------------------|
| Tuesday, May 25 | DANCE STUDIO |
| Wednesday, May 26 | VOCAL STUDIO INSTRUMENTAL STUDIO |
| Thursday, May 27 | ART STUDIO |
| Friday, May 28 | DRAMA STUDIO |

LaGuardia Arts High School proudly invites parents to our second 25th Anniversary Festival. Parents will join students and teachers in celebrating twenty-five years of educating young artists in a unique and successful manner. LaGuardia's second Festival will span four days and feature encore performances and presentations from every studio, giving teachers and students the opportunity to share their passion for the arts with each other and with parents. We extend an open invitation to all parents to visit the school on the day when their child's studio is showcased.

Students, staff and parents will enjoy performances and presentations in the Little Flower Theater and the Concert Hall. Many studio teachers have also agreed to open their classroom doors to facilitate inter-visitations and parents' visitation and encourage further collaboration within LaGuardia's community.

NOTE: Some studio classrooms are not large enough to accommodate an entire class of visitors. Teachers may need to divide their classes into small groups that will enter the class one group at a time.
