

Agenda
CFI Meeting #8
11-19-09

I. Teacher Teams – Supporting the Teacher Teams

A. How can we help Teacher Teams with questions about following the Inquiry Process? Share the success story of the English department.

B. How many members of the Teacher Teams share information about their experiences doing Inquiry Work?

II Target Population for the Vocabulary project:

- Use ARIS and HSST (group feature) to select the 15 students involved in the CFI vocabulary project. Flag them on ATS. See if there are any common students with the ones flagged last year for the Note-taking project. They should **remain** in the pool.
- Where are we with this task?
- Mini-calendar for meeting with Mr. H. E-mail him the students.

III. Cross-curricular collaboration

- Academics Feedback
- Studios Feedback
- Can we ask teachers to list two areas of expertise on a paper for the “invite a colleague to speak to your class” corner? Is it feasible?
