

# 2013 AP Fair

LaProgram.org

## LaGuardia's Fifth Annual AP Fair

Thanks to the 80+ student volunteers who helped to make the AP Fair a success!

Any student can download a copy of the AP Course Offerings Information Booklet at [LaProgram.org](http://LaProgram.org). This contains an overview of the AP Program and relevant course descriptions.

LaGuardia Arts High School encourages any student who has a real interest in a subject to apply for the AP class in that subject. We want every student's experience in such a challenging course to be a positive one, however, so we encourage him or her to apply for an AP class with the knowledge that it poses a challenge and requires hard work. The results of a recent survey of our AP teachers support this idea: They believe that a student who applies for an AP class should have the following qualities:

- a desire to be challenged
- excellent writing skills, which include note-taking skills and the ability to write research papers
- willingness to work hard (30-45 minutes per day to study that subject alone)
- reading comprehension at an adequate level
- willingness to thoroughly understand concepts rather than merely memorizing rules
- a solid knowledge of English grammar and syntax
- willingness to take the AP exam in May

We would like you to understand the extent to which these rigorous courses benefit you while also comprehending the considerable challenge they present. We hope that this brochure, in its fifth year of existence, will give you enough information to make an informed decision about applying for an AP class.

**Reminder: Do not forget to register for next year's classes on Daedalus by Sunday, April 21!**
