### TEACHERS

#### Submitting EGG Files

 **Grades are due by 9 a.m. on Wednesday, April 24. Revisions are due by 12 p.m. on Thursday, April 25.** Teachers needing assistance may speak with Mr. Law in room 317 on Monday, April 22.

Class grades are calculated according to the departmental grading policies that were established in September.

The following numeric grades may be assigned:

Passing: 65-100 in increments of 1

Failing: 55, 60

No show: 45 (Please see Ms. van Keulen in Room 261.) A grade of 45 is given to a student who fails to attend a course and does not participate in any of the work from which a grade can be derived.

Medically excused/ no credit: 7 (Please see Ms. van Keulen in Room 261.)

New or recently arrived: NL Students who enroll in a course after it has started may have missed assignments or assessments needed to generate a

complete course grade for a given marking period. These students may be given a grade of NL but must complete the remaining course requirements by the end of the semester following the termination of the course in order to receive a final grade and credit, as applicable.

Incomplete: NX (Please see Ms. van Keulen in Room 261.) Schools may award a grade of Incomplete if a student has a documented, extreme extenuating circumstance that prevents him/her from completing the course in its established time frame (e.g., surgery, death in the family). A student who receives an incomplete must successfully complete remaining course requirements by the end of the semester following the termination of the course in order to receive a final grade and credit, as applicable. NX does not have a pass/fail or numeric equivalent.

Please update any incorrect or missing grades by resubmitting them in your EGG file. Remember to attach your revised EGG file to a new e-mail addressed to the appropriate Program Office staff
