We have designed the Program Office Web site to benefit students, parents, and teachers. It is your first destination to learn about application for classes, course offerings, academic sequencing, report cards, and transcripts. The Internet home of the Program Office Owl also features letters, memos, articles, Children First Initiative resources, and online forms. We hope you find the site to be helpful.

PROGRAMMING

[Online Registration](#)

Review a detailed explanation of the registration process that includes screenshots and important guidelines.

[Scheduling Process](#)

Learn about the process of programming students.

[Academic Sequencing](#)

Read over a complete grid for each department of all course options. (Changes are made every semester.)

[Philosophy](#)

Learn more about our main goal: scheduling students in a manner that best satisfies their educational needs in conformity with the school's dual mission

[Programming Calendar](#)

Check the due date for program changes, the final day of the first marking period, and other dates on our online calendar.

RESOURCES

[CFI Team Materials](#)

Review a wealth of resources relating to LaGuardia's note taking projects, Scholastic Guide, technology projects, and cross-curricular work.

[Yellow Sheet Articles](#)

Read the Data for Development articles online. You may also find supplementary materials in this section.

[AP Course Offerings](#)

Review course descriptions for the AP course offerings of the Fall 2009 semester.

[Letters and Memos](#)

Read letters and memos relating to programming at your convenience online.

[Online Forms](#)

This page allows teachers the chance to complete forms securely online.

LINKS

[ARIS Parent Link](#)

Review information about your academic progress and explanations of assessments.

[Daedalus](#)

Register for your classes here after you have reviewed all instructions and guidelines in the "Online Registration" section.

[LaGuardiaHS.org](#)

Return to the central school site.
